# About US

Our company showcases the comprehensive services we offer in the realm of strategic oil and gas procurements, drilling, and well intervention services.

**Hen and Associates, our commitment to delivering innovative products and solutions is matched only by our dedication to providing cost-effective and reliable services. We pride ourselves on the simplicity and efficiency of our designs, tailored to meet the unique needs of our customers.**

## **Scope of Our Services:**

**Oil & Gas Procurements:** As a vendor, we have successfully supplied upstream and downstream parts, equipment, and accessories to both international and indigenous oil and gas companies in Nigeria. With direct access to OEM distributors in the UK, Europe, North America, and Asia, we ensure the timely delivery of high-quality products. We have a proven track record with clients including Future oilfield, Total Energies Upstream, RusselSmith Group, Chevron, Navante Oil & Gas Company Ltd and many more.

**Well Intervention Services:** Our expertise includes Gyroscopic surveying and a range of well intervention activities such as Slickline, Coil Tubing, Re-Perforation, Sand Cleanout, RST, Well Head Maintenance, and GLVCO.

**Facility O&M:** Our services extend to Facility Operations and Maintenance, ensuring the seamless functioning of your oil and gas facilities.

**Marine Services:** We specialize in providing marine services to support various aspects of the oil and gas industry. **Additional Services:**

In addition to the core services mentioned above, we offer a range of supplementary services to meet the diverse needs of our clients. These include Project Management, personal service sourcing locally and internationally, international representation, document collection, air cargo, freight shipping logistics, real-time data management, and logistics allied services.

Our reputation in the industry speaks for itself, and we are confident in our ability to provide exceptional service to your esteemed organization.

Our team has experience of almost a decade of delivering world-class solutions and exceptional value in the Oil and Gas business and is committed to global best practices.

We leverage on diverse national and international team that is rich in talents and innovative ideas to provide long term value creation and sustainable development for the Communities in which we operate. Hence, our excellent performance and timely delivery of complex projects, regardless of the challenges.

We have offices in the UK and USA.

#### **Vision**

To be recognized globally as a leader in Oil and Gas infrastructure development, improving quality of life and sustaining economic growth.

#### **Mission**

To deploy our innovative products and services in the most environmentally friendly way, fulfilling our role in the international effort to reduce wastage and increase savings. By developing our opportunities wisely, we seek to grow within the challenging Oil and Gas market by offering added value to our clients and unshakable confidence to our stakeholders.

#### **Our Values**

In performing our functions as a group, we will:

- Comply with applicable laws and regulations of any country where we maintain business operations.
- Operate with the high integrity and ethics expected of our industry.
- Deliver quality products and services.
